 i. Dear Committee members a sad fact that the Performing Arts Center/Performing Arts Education Center/Diego Rivera Theater is a project that has been funded from three bond measures, going to 2001. The persistent willingness of the voters to fund the project says that the public. It has been subject to interference from the State and from within the College. There are indications of opposition that continues to this day.

ii. A committee should be established to be responsible for the review of the committee's work and has a mandate to report to the board.

c. Heather and I should ensure that the committee is properly advised and that the committee chair is properly supported.
